

One Size, One Price, Fits All!

A New Approach to Advertising ...

[Portugal Living Magazine](#) is going viral.

We're reaching more than 5,000 followers on Facebook every day—not "newbies" who come and go from online forums and Facebook membership groups, but avid fans who eagerly look forward to seeing our content every single day.

It's more timely, interactive, and easier to read, react, and respond to than a 100-page magazine published once every three months and read on a móvel!

Have a look: <https://www.facebook.com/PortugalLivingMagazine/>

Now you can reach your prime prospects 5 times per month through [Portugal Living Magazine](#) for just 25€. Your ad will be the lead post at least once that month, seen first and read by many, as we acknowledge you for sponsoring that day's edition. Your full-frame ad will appear four more times, on a once-a-week basis, on consecutive days ... or whatever 4 days you choose for the month.

Want more?

Schedule six (6) months of advertising for just €100. Run your ads (which can vary) every day for a month, twice a week, or on specific days—again, your choice!

In addition to your ads being posted on cutting edge [Portugal Living Magazine](#), you will also be listed and linked on the "Resources" page of our [website](#).

Those of you who truly want to make a difference are asked to **consider becoming a Sponsor**. For €500 per year – billed @ \$125 quarterly – you can cultivate talent by underwriting the costs of attracting top-notch writers and photographers. In return, your ads will be featured daily and in our top of the page post.
